

PREFACE

This publication sets forth tactics, techniques, and procedures for the combat health logistics system (CHLS) in a theater of operations (TO). It embodies doctrine based on Medical Force 2000 (MF2K). It is designed for use by combat health logisticians and medical commanders and staffs; combat service support (CSS) commanders and their staffs; and logisticians of other military Services.

The organizational structures presented in this publication reflect those established in the living table(s) of organization and equipment (LTOE) in effect as of this publication date.

The proponent of this publication is the United States (US) Army Medical Department Center and School (AMEDDC&S). Send comments and recommendations on Department of the Army (DA) Form 2028 (or facsimile) directly to **Commander, AMEDDC&S, ATTN: MCCS-FCD-L, Fort Sam Houston, Texas 78234-6175.**

This publication implements the following North Atlantic Treaty Organization (NATO) International Standardization Agreements (STANAGs) and American, British, Canadian, and Australian (ABCA) Quadripartite Standardization Agreements (QSTAGs):

NATO STANAG	ABCA QSTAG	TITLE
	815	Blood Supply in the Area of Operations
2068 Med	322	Emergency War Surgery (Edition 4) (Amendment 3)
2961		Classes of Supply for NATO Land Forces

Unless this publication states otherwise, masculine nouns and pronouns do not refer exclusively to men.
